Fiscal Year 2024-2025 LADWP Final Budget – Water Revenue Fund

Receipts and Appropriations and Associated Schedules and

Fiscal Year 2024-2025 Annual Personnel Resolution

### **SUMMARY**

Submitted for the Board of Water and Power Commissioners' (Board) consideration and approval is a Resolution to adopt and transmit to the Los Angeles City Council (Council) the LADWP Proposed Fiscal Year (FY) 2024-2025 Water Revenue Fund Receipts and Appropriations final budget and associated schedules totaling \$2.31 billion. Approval of this Resolution also provides authority for the FY 2024-2025 Annual Personnel Resolution (APR) for the Water Revenue Fund totaling 4,731 positions and authorizes the functional transfers, as directed by the General Manager, from major system Power (PXXX) to major system Joint (JXXX). The details of said transfers are set forth in the "Transfer Schedule A".

City Council approval is not required.

#### RECOMMENDATION

It is recommended that the Board adopt the attached Resolution authorizing:

- Approval and transmittal of the FY 2024-2025 LADWP Water Revenue Fund Final Receipts and Appropriations budget and associated schedules to the Council; and
- 2. Approval and execution of the FY 2024-2025 APR.

#### FINANCIAL INFORMATION

The Water Revenue Fund Proposed Final Budget incorporates expenditures for the Water System, including the share of expenditures associated with the Joint System and Power Revenue Fund that support Water System functions. Estimated appropriations for the Water Revenue Fund for FY 2024-2025, total \$3.09 billion. Net of receipts from the Power System, contributions in aid of construction, individuals, and companies and other miscellaneous sources, appropriations total \$2.31 billion.

### **BACKGROUND**

On March 26, 2024, in accordance with City Charter Section 684 (as added to the City Charter by Measure J adopted in March 2011), the Board reviewed and approved the transmittal of the FY 2024-2025 Preliminary Budget to the Council and the Mayor. By May 31, 2024, LADWP must update the preliminary budget based on additional information received after March 31, 2024, including without limitation, additional information about revenue and expense projections.

Since the development of the preliminary budget, LADWP Management has thoroughly reviewed the budget, prioritized, and adjusted the FY 2024-2025 spending proposals to support water infrastructure investment, comply with regulatory mandates, and provide continued customer service and cost control to mitigate the impact on customer rates.

Upon approval from the Board, the FY 2024-2025 Water Revenue Fund Receipts and Appropriations final budget and associated schedules will be transmitted to the Council in accordance with the City Charter. The FY 2024-2025 proposed final budget and associated financial plans have been provided to the Ratepayer Advocate for review.

The General Manager has determined that moving the Fleet and Aviation Services Division, the Environmental Lab, and the Pressure Vessels functions of the Power System to the Joint System, is in the best operating interest of LADWP. These transfers will not affect the overall staffing levels reflected in the APR. The Fleet Services functional transfer involves 429 Budgeted positions, 510 Substitute positions, and 385 employees. The Environmental Lab functional transfer involves 35 Budgeted positions, 31 Substitute positions, and 17 employees. The Pressure Vessels functional transfer involves 10 Budgeted positions, 13 Substitute positions, and 7 employees. Employees affected by these functional transfers will remain in their former class group for purposes of layoff and reemployment, in accordance with City Charter Section 1015.

#### FY 2024-2025 WATER REVENUE FUND BUDGET

The major changes between the FY 2024-2025 Water Revenue Fund preliminary budget and this proposed final budget include the following highlighted items:

- Water Revenue Fund Capital has increased by \$0.4 million (from \$958.3 million to \$958.7 million) attributed to minor increases in Water Distribution Tools and Equipment.
- Water Revenue Fund Operation and Maintenance has increased by \$13 million (1.8 percent increase from \$733 million to \$746 million) primarily due to Water Quality and Operating Support.
- Purchased Water remains estimated at \$215 million with no change from the preliminary forecast.
- Retail revenue is \$1,914 million, reflecting an increase of \$6 million (0.3 percent increase from the \$1,908 million preliminary budget) mainly due to increases in the water supply cost adjustment revenues (\$14 million) offset by decreases in the water infrastructure revenues (\$9 million).

The following documents are included in the FY 2024-2025 Water Revenue Fund Budget:

- LADWP's Strategic Plan
- Final Water Revenue Fund Receipts and Appropriations
- Water Revenue Fund Capital Improvement Program
- Water Revenue Fund Salaries and Authorized Number of Positions
- Retirement, Disability, and Death Benefit Insurance Plan
- Federal and State Grant Funding Estimates

#### FY 2024-2025 APR

The attached Resolution, approved as to form and legality by the City Attorney, establishes the maximum allowable number of positions for the LADWP for FY 2024-2025. Positions in the APR Schedule are listed by System (Joint, Power, and Water), Civil Service classification, and duties description record. Establishing positions for each System will provide flexibility and allow positions to be reassigned between the Divisions within each System in a manner that is most advantageous to the LADWP and that meets critical operational needs as they arise.

See attached Water Revenue Fund Salaries and Authorized Number of Positions as of July 2024, which reflects a total of 4,731 budgeted positions. The 2,744 positions represent the total staffing that the Water System has identified as necessary for continued and planned critical operations, with 1,723 Joint System positions and 264 Power System positions in support. Employment of persons in positions authorized by

this Resolution is subject to availability of authorized funding in the expenditure programs for the FY 2024-2025.

### **ENVIRONMENTAL DETERMINATION**

In accordance with this section, an activity is not subject to CEQA if it will not result in a direct or reasonably foreseeable indirect physical change in the environment.
