Division	Title/NAICS	Procurement Type	Target Advertise Date	Estimated Amount	Description
Water System - Construction (Invitation for Bid)					
Water Engineering & Technical Services	North Hollywood Central Remediation Well Collector Line / 237110	Construction (Spec)	Jan-2026	\$40,000,000	Construct 6,800 linear feet of welded steel pipe collector and purge 6,600 linear feet lines to connect five remediation wells to the treatment facility
Water Engineering & Technical Services	Western Trunk Line - Phase 1 / 237110	Construction (Spec)	Jan-2026	\$140,000,000	Replace approximately 23,300 feet of riveted-steel, concrete, and welded-steel pipes with 36-inch and 54-inch welded steel pipe and earthquake resistant ductile iron pipe
Water Engineering & Technical Services	City Trunk Line North Unit 1 / 237110	Construction (Spec)	Feb-2026	\$160,000,000	Installation of 20,500 feet of 54-inch earthquake resistance ductile iron pipe
Water Engineering & Technical Services	LA Reservoir Outlet Pipe New Coating Installation / 237110	Construction (Spec)	Mar-2026	\$2,500,000	Relining 1,000 linear feet of 120-inch diameter pipe with polyurethane
Water Engineering & Technical Services	Mission Wells Chloramination Station / 237110	Construction (Spec)	Apr-2026	\$15,000,000	Construction of a new single story on-site hypochlorite generation station, security, and civil improvements
Water Engineering & Technical Services	River Supply Conduit Connecting Trunk Line Construction / 237110	Construction (Spec)	Apr-2026	\$23,000,000	Installation of 1,400 linear feet of 60-inch welded steel pipe, a pressure regulator station, a pressure relief station, and isolation valves.
Water Engineering & Technical Services	Foothill Trunk Line Unit 3 / 237110	Construction (Spec)	Apr-2026	\$120,000,000	Pipe jacking, striping, drilling, and paving services for the Foothill Trunk Line project
Water Engineering & Technical Services	Redmont Pump Station and Tank / 237110	Construction (Spec)	Jun-2026	\$30,000,000	Demolition of existing pump station and tank, and installation of new pump station and tank
Water Engineering & Technical Services	Topham Trunk Line / 237110	Construction (Spec)	Mar-2027	\$215,000,000	Replace approximately 23,300 feet of the existing Topham trunk line with 36-inch diameter pipe
Water Engineering & Technical Services	Grant Lake Siphons Outlet / 237110	Construction (Spec)	Apr-2027	\$21,000,000	Construction of a permanent siphon outlet system and a 40 foot access road, three vaults, and the installation of pipes in a reinforced concrete box culvert structure encased with cement-slurry

Future Contract Opportunities

Division	Title/NAICS	Procurement Type	Target Advertise Date	Estimated Amount	Description
Water System - Materials (Invitation for Bid)					
Water Distribution	Mainline Earthquake Resistant Ductile Iron Pipe and Fittings / 331511	Materials (IFB)	Jan-2026	\$5,000,000	One-year contract with two optional one-year extensions to procure mainline earthquake resistant ductile iron pipe and fittings
Water Distribution	Earthquake Resistant Ductile Iron Pipe and Appurtenances for Roscoe Trunk Line / 331210	Materials (IFB)	Jan-2026	\$5,000,000	Earthquake resistant ductile iron pipe and appurtenances for Roscoe Trunk Line project
Water Distribution	Metal Seated Gate Valves / 322911	Materials (IFB)	Feb-2026	\$3,000,000	One-year contract with two optional one-year extensions to procure metal seated gate valves
Water Distribution	42 Inch Butterfly Valves/ 332911	Materials (IFB)	Feb-2026	\$250,000	Spot purchase to procure Butterfly Valves
Water Distribution	Vaults and Parts / 332999	Materials (IFB)	Feb-2026	\$4,800,000	One-year contract with two optional one-year extensions to procure vaults with installation hardware and replacement parts
Water Distribution	Resilient Wedge Gate Valves / 332991	Materials (IFB)	Feb-2026	\$4,800,000	One-year contract with two optional one-year extensions to procure resilient wedge gate valves
Water Distribution	Copper Tubing / 423840	Materials (IFB)	Mar-2026	\$2,000,000	One-year contract with two optional one-year extensions to procure copper tubing
Water Distribution	Ductile Iron Fittings / 332996	Materials (IFB)	May-2026	\$2,500,000	One-year contract with two optional one-year extensions to procure ductile iron fittings
Water Distribution	Lead-Free Brass Fittings / 238220	Materials (IFB)	Nov-2026	\$150,000	One-year contract with two optional one-year extensions to procure lead-free brass fittings
Water Distribution	Waterworks Fittings / 332996	Materials (IFB)	Jan-2027	\$2,000,000	One-year contract with two optional one-year extensions to procure waterworks fittings
Water Distribution	Service Saddles / 332996	Materials (IFB)	Jan-2027	\$2,000,000	One-year contract with two optional one-year extensions to procure service saddles
Water System - Services (Invitation for Bid)					
Water Distribution	Tubing, Copper, Water/331420	Services (IFB)	Jan-2026	\$2,000,000	One-year contract with two optional renewal years

Future Contract Opportunities

Division	Title/NAICS	Procurement Type	Target Advertise Date	Estimated Amount	Description
Water Distribution	Construction Equipment Rentals for Trunk Line Construction / 532412	Services (IFB)	Jan-2026	\$2,000,000	One-year contract with two optional one-year extensions for Bare Rental with Optional Operator Services for Construction Equipment for Trunk Line Construction
Water Distribution	Vacuum Excavation Service/ 238910	Services (IFB)	Jan-2026	5000000	One year contract with 2 one-year optional extensions for Vacuum Excavation Service
Water Distribution	Parts and Services for Mueller Equipment/423840	Services (IFB)	Jul-2026	\$700,000	One-year contract for parts and services

Water System - Professional Services (Request for Proposal)

Water Quality	Water Quality Professional & Technical Evaluation Services of Advanced & Emerging Technology / 541330	Professional Services (RFP)	Jan-2026	\$10,000,000	Professional services and technical services for evaluation of advanced and emerging technologies for water quality. Task assignments may include but are not limited to groundwater remediation, online sensors and monitoring devices, water quality inquiries from customers, expert advisory panel, green technology, sustainable treatment technology, expert assistance and training, water supply resiliency and regulatory compliance.
Water Operations	Eastern Sierra Water Resources Management / 541690, 541330, 54162, 541360, 561439	Professional Services (RFP)	Jan-2026	\$8,600,000	As part of ongoing efforts to utilize Eastern Sierra water for local distribution, export to Los Angeles, and Owens Lake dust control measures, the Water Operations Division's Eastern Sierra Environmental Group is seeking consulting services to comply with regulatory requirements, meet project deadlines, and adapt to a changing climate in the Eastern Sierra. Services under this contract will be provided on an as-needed basis when required expertise and/or resources are not available in-house.

Future Contract Opportunities

Division	Title/NAICS	Procurement Type	Target Advertise Date	Estimated Amount	Description
Water Engineering & Technical Services	Design/Build Services for Mid-Valley Facility / 541330, 236210, 236220, 541310	Professional Services (RFP)	Jan-2026	\$476,000,000	Engineering and construction services to assist in the initiation, planning, design, permitting, procurement, construction, commissioning, and close out of the Mid-Valley Facility Project
Water Engineering & Technical Services	Long-term Traffic Control Engineering Services / 541330, 541340	Professional Services (RFP)	Feb-2026	\$9,000,000	The selected contractor shall provide traffic engineering services on an as-needed basis to design and revise temporary long-term Worksite Traffic Control Plans (WTCPs) and Traffic Signal Plans (TSPs), and obtain approval from various governing agencies, including Los Angeles Department of Transportation (LADOT), California Department of Transportation (Caltrans), and/or any municipality having jurisdiction
Water Engineering & Technical Services	Pure Water Los Angeles Program Management RFP / 54161	Professional Services (RFP)	Mar-2026	\$40,000,000	The Pure Water Los Angeles Program Management RFP will assist LADWP with our broad-scale Water System Program Management framework and aid Program Delivery to ensure that LADWP can efficiently achieve its long-term strategic objectives
Water Engineering & Technical Services	Owner's Agent Services for Western District Yard Renovation / 541330, 236210, 236220, 541310	Professional Services (RFP)	Apr-2026	\$8,200,000	Engineering and construction services to assist in the initiation, planning, design, permitting, procurement, construction, commissioning, and close out of the Western District Yard Renovation Project
Water Engineering & Technical Services	Water Recycling Pure Water LA - Expert Panel for Water System Infrastructure Programs Strategic Planning / 541330	Professional Services (RFP)	Apr-2026	\$8,000,000	The Expert Panel, composed of water/wastewater industry policy and technical experts, will serve LADWP on an as-needed basis to advise LADWP on high level water supply strategic planning and will support in identifying strategies to increase water supply resiliency, navigating a variety of water policy issues, meeting state and local mandates, and meeting organizational strategic planning goals
