SUBJECT: Filing of Notice of Determination in compliance with Section 21000 of the Public Resources Code. LOS ANGELES COUNTY CLERK

State Clearinghouse Number (if submitted to State Clearinghouse): 2018071037

Project Title: Brockman Landfill Remediation Project

Project Applicant: Los Angeles Department of Water and Power

Project Location (include county): Brockman Lane and Riverside Road, Inyo County, CA

Project Description:

LADWP proposes to remediate the former Brockman Landfill, a 33.5 acre open area that was used as a disposal site at the north end of the City of Bishop. The goals of the remediation project are to stabilize existing wastes, reduce existing and future exposure risks, and minimize the potential for future illegal waste disposal at the site. Remediation would entail screening, sorting, and recycling of wastes, reconsolidating waste, installing a waste cover using at least two feet of clean soils, and installing site fencing and signage to restrict access and discourage illegal dumping.
