Project Title: Tinemaha Dam Geotechnical Investigation Continuation

Project Applicant: Los Angeles Department of Water and Power (LADWP)

Project Location - Specific:

Tinemaha Reservoir is located in Inyo County, situated on the Owens River approximately 8 miles south of Big Pine, California. Please see attached figures.

Project Location - City: N/A

Project Location - County: Inyo

Description of Nature, Purpose and Beneficiaries of Project:

LADWP proposes to conduct additional geotechnical investigations in the vicinity of the Tinemaha Dam under the supervision of the Division of Safety of Dams. Built in the 1920s, there are several issues with the dam and appurtenant works which will eventually require replacement. The proposed geotechnical work will investigate the geology and hydrogeology surrounding the dam and reservoir and be used to inform how the dam will be replaced as a future project. The investigation continuation would evaluate riprap of the dam face as well as additional potential borrow sites (see attached).
