Project Title: Proposed Groundwater Treatment Action for Tujunga Well Field

Project Applicant: Los Angeles Department of Water and Power

Project Location (include county): North Hollywood, Los Angeles County

Project Description:

LADWP proposes to implement a response action to address releases of contaminants in groundwater that are migrating to the Tujunga Well Field. LADWP would (a) install a treatment system on LADWP property at the Tujunga Spreading Grounds in Sun Valley, capable of treating the contaminants, (b) connect the affected wells to that system, and (c) operate its existing wells at this well field, in a manner that minimizes the spread of the contaminant mass, limits further degradation of the groundwater basin directly downgradient of the Tujunga Wells, removes contaminant mass from the aquifer, and restores LADWP's capability to operate its existing well field.

This is to advise that the Los Angeles Department of Water and Power has approved the above [] Responsible Agency or [] Lead Agency

described project on January 22, 2019 and has made the following determinations regarding the above described project.

- 1. The project [] will [] will not have a significant effect on the environment.
2. [] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. [] A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [] were [] were not made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [] was [] was not adopted for this project.
5. A statement of Overriding Considerations [] was [] was not adopted for this project.
6. Findings [] were [] were not made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

Los Angeles Department of Water & Power, 111 North Hope Street, Room 1044, Los Angeles, CA 90012
